Name of Special Kitty _____

It costs approximately \$95 a month for each cat who resides in our shelter. This includes food, litter, medical care, staffing, and operating expenses. As a no-kill shelter, we provide compassionate care for all who come through our doors. Of course, we hope they will all find “forever” homes, but some are less likely to because they have medical conditions or may be too shy for most potential adopters. We offer our Sponsor a Special Kitty program for people who want to support our mission but cannot adopt.
